## Agenda topics:

### 3:10 – 3:12

**CALL TO ORDER**

**HARVEY STERNS**

**DISCUSSION**

A quorum was not present. The chair asked the Budget and Finance Committee to present their in-depth report for informational purposes.

### 3:12 – 4:00

**IN-DEPTH STANDING COMMITTEE REPORT**

**STANDING COMMITTEE CHAIR**

**DISCUSSION**

The chair and the appointed administrator of the Budget and Finance Committee discussed the attached [FY17 Budget Conversation](#) presentation.

The following are some points of interest:

- The Higher Learning Commission monitors KPMG metrics (see slide 3) and will ask public universities with measures below 1.1 to provide a written response regarding the financial condition of the institution. We all need to be mindful of expenditures.
- All of the areas in dining services will be transitioned to Aramark by fall.
- The ERIP deficit has been satisfied.
- College spending plans will be developed for the next three years to help with
startups that were not backed by money.
- Finance and Administration will work with colleges and administrative units on carryover/IDC.

Next Steps:
- The CFO will take a temporary FY17 budget to the Board of Trustees in June and will enact a full budget in the fall when faculty are on campus.
- The CFO will discuss the FY17 budget with the Budget and Finance Committee.
- The Budget and Finance Committee will inform the UC.

The meeting was adjourned at 4 p.m.
## Agenda topics:

### 3:00 – 3:05

**CALL TO ORDER**

**HARVEY STERNS**

1. The chair called the meeting to order. He asked for additions to the agenda. The Communications Committee and Recreation and Wellness Committee will present their reports first and second respectively. The agenda was approved as amended by unanimous consent.

2. The chair asked for additions or corrections to the April 12 University Council minutes. There being none, the agenda was approved as distributed by unanimous consent.

### 3:05 – 3:20

**STEERING COMMITTEE REPORT**

**HARVEY STERNS**

1. The chair will meet with the Board of Trustees to discuss the desirable qualities of a new president. The chair asked UC members to email him with their thoughts on this topic.

2. The chair discussed the attached [Standing Committee Expectations](#) which includes the following deadlines for the 2016-17 UC year:
   - **Sept. 30:** Committee goals and the corresponding measures that will be used to evaluate progress must be submitted to the Steering Committee
   - **Oct. 11:** Committee goals will be presented formally at the UC meeting
3. The University Council year does not coordinate with the elections of the constituent groups. Some standing committees do not have a complete membership roster because we do not have appointments from Faculty Senate, GSG, SEAC and USG. The following topics regarding committee function was discussed:
   - New Faculty Senate members take office at the first senate meeting of the fall semester; therefore, current Faculty Senate members will be attending the summer meetings
   - Committees secretaries do not have time to schedule meetings and produce minutes
     - The Office of the Provost provides staff support for UC and the Steering Committee
     - Standing committees should use the same model as the UC for committee support; the appointed administrator should provide a person to support the operations of the committee (schedule meetings, produce agendas/minutes, email correspondence to members, etc.)

4. The chair reviewed the attached UC Steering Committee minutes:
   - May 18, 2016
   - June 8, 2016 Special Meeting

3:20 – 3:35  UNFINISHED BUSINESS

1. Dr. Ramsier provided the following UC Bylaws Update:
   - The UC Response to the AGB Consultants Recommendations concerning the UC Bylaws submitted to Dr. Scarborough in April 2016 was similar to the UC Bylaws submitted to Dr. Scarborough in Jan. 2015
   - Appointed administrators are not voting members of UC in the April 2016 UC Response
   - The UC Bylaws is on the consent agenda for the June 15 BOT meeting and then it will go to the Rules Committee.
   - Dr. Ramsier suggests that the BOT approve the bylaws without having to hire a new staff person due to the budget situation; the Office of the Provost is providing adequate staff support for UC and the Steering Committee

Dr. Ramsier clarified that he does not suggest that the bylaw regarding the staff person for support of UC activities be stricken, but he emphasized that the UC needs to continue to operate with Office of the Provost staff support until further notice.

2. The Steering Committee held a special meeting on June 8 and appointed the three UC officers to the Tiger Team. The UC Tiger Team members will bring topics from the Tiger Team to the UC for discussion. They will also provide the Tiger Team with feedback from the UC (which includes members from all UC constituent groups).

A suggestion was made to have a CPAC member represent UC on the Tiger Team because CPAC is the only constituent group not represented on the Tiger Team.
Communications:
A survey was sent to students to understand the communication channels they use throughout campus. The committee will analyze the results and bring recommendations for policy to the UC.

Recreation and Wellness:
The chair asked if the UC received a response from Dr. Scarborough regarding the Tobacco Free Policy recommendation that was passed at the April 12 UC meeting. Dr. Ramsier reported that the recommendation was sent to the BOT and it is with the Rules Committee.

Budget and Finance:
Committee members have a good understanding of the budget process. It is a challenge to educate new members every year.

We have a revenue challenge for the FY17 budget due to an enrollment decline. The Institution has to focus on Fall 2017 enrollment. We are putting plans in motion to move the institution forward for FY18 and beyond.

Information Technology: No report

Institutional Advancement: No report

Physical Environment: No report

Student Engagement and Success:
The committee is discussing a draft of the student retention and completion plan that is due to the state by the end of the month. It is a working document and the committee will focus on how to operationalize the plan. We will start to see the graduation impact of the plan in two and a half years.

Talent Development and Human Resources:
The committee is working on the following:

- Succession and retirement planning assessment
- A wellness plan that provides incentives to people for wellness (with the Recreation and Wellness Committee)

The committee provided UC members with the following documents regarding employee training programs:

- Overview of UA’s Employee Training and Leadership Opportunities
- Research on Providing Training Opportunities for Employees
- Training and Leadership Opportunities at Universities in Ohio
- Leadership Trainings and Employee Development Programs at Universities in the US

The following motion was made:
Whereas the closing of ITL has led to the loss of talent development training at UA, training which is needed to increase the effectiveness, flexibility and productiveness of its employees,

Whereas the Talent Development and HR Committee has researched professional
development, leadership and training opportunities provided by other universities to identify best practices both across the US and in the State of Ohio, (see attached report)

Whereas a survey of CPAC and SEAC members was conducted, with over 250 responses, that determined that there is demand for such training courses (see also attached results and comments)

Therefore the Talent Development and Human Resources Committee recommends to University Council:

- that there be a coordinated effort by UA to replace ITL training for staff and contract professionals and other institutional personnel.
- that as an interim option UA should partner with other universities that already provide such services effectively, notably Kent State University or Ohio State University
- that UA allocate sufficient resources to allow for such training.

The motion carried by a secret ballot vote of 15 in favor and 2 opposed.

4:05 – 4:05  NEW BUSINESS  HARVEY STERNS

DISCUSSION

There were none at this time.

The meeting was adjourned at 4:05 p.m. by unanimous consent.

3:00 – 4:00 CALL TO ORDER
HARVEY STERNS

The UC Executive Committee invited UC standing committee chairs, vice chairs and secretaries to participate in a UC Leadership Roundtable. All UC standing committees were represented. The UC chair called the meeting to order at 3 p.m.

The Chair emphasized the importance of committees functioning for the good of the University as well as the importance of meeting governance issues with HLC.

The following was discussed:

1. UC members are representatives of a constituent group and they should communicate with their group to bring ideas/issues to their committee.

2. The attached UC Bylaws were approved at the June 15 BOT meeting. The document is in rule format for the August 10 BOT meeting. The following changes were discussed:
   - Administrators are not voting members of the UC. It is expected that administrators will attend UC meetings when the committee presents an in-depth report or brings a substantial topic before the UC.
   - Quorum for meetings is a majority of the filled seats

   Standing committees should review their committee description (see pages 9-11) and bring amendments to the UC if needed.

3. The chair reviewed the attached Standing Committee Expectations document.

4. Goal development was discussed. The following suggestions were made:
   - Goals should be important to the institution and have measurable outcomes/impact
   - Committees chairs should report on goal progress at each UC meeting
Shiva Sastry ([ssastry@uakron.edu](mailto:ssastry@uakron.edu)) asked attendees to let him know what ideas/issues they think the Budget and Finance committee should address.

5. Rex Ramsier discussed the following:
   - The Tiger Team committees are working on short-term, tactical issues and they will give long-term planning issues to the UC committees.
   - UC has to demonstrate that we have a shared governance system that works. We have been entrusted to come up with recommendations that will make a difference to the institution.
   - Members should think about: Who am I representing; What is the goal; and Why am I here.

6. The following suggestions were made:
   - Physical Environment and Budget Committees – get involved in Stark State discussions
   - Physical Environment Committee – get involved in Martin Center discussions

2. The chair asked for additions or corrections to the July 12 University Council (UC) minutes. There being none, the agenda was approved as distributed by unanimous consent.

3:05 – 3:11  EXECUTIVE COMMITTEE REPORT  HARVEY STERNS

DISCUSSION

The chair reviewed the attached July 19 UC Executive Committee minutes and August 2 Leadership Roundtable minutes.

3:11 – 3:25  UNFINISHED BUSINESS  REX RAMSIER

DISCUSSION

1. Tiger Team Report: The Tiger Team will be phased out soon and the work of the subcommittees will come to UC. Tiger Team subcommittees include: Enrollment, Cost Savings, New Revenue Generation, Communication and Shared Governance. The Shared Governance subcommittee will be asked to contribute substantially to our upcoming HLC report.

The following was discussed:

- UC is about communication, sharing, transparency and making the University better; it is not about getting accreditation reaffirmed. If we focus on these goals, accreditation will come naturally.
- The BOT is taking UC seriously and recognizes that it is about making the University better.
- UC needs to show that we can make shared governance work and we are
helping UA make decisions that help the institution.

- The committees need to meet regularly, work hard and provide evidence that point to action.

The following suggestions were made:

- The tuition bill should be due after scholarships are applied so the bill reflects what a student actually owes. Currently, tuition is due before scholarships are applied causing confusion and frustration to students and parents.
- When the Tiger Team work is given to UC committees, have a Tiger Team member attend UC committee meetings to provide context and help with the transition.

2. Stark State College: Government leaders thought it would be a good idea for Stark State to have a campus in Summit County. **3:02 – 3:06 EXECUTIVE COMMITTEE REPORT HARVEY STERNS**

**DISCUSSION**

The chair reviewed the attached August 16 UC Executive Committee minutes.

**3:06 – 3:14 PRESIDENT’S REMARKS MATT WILSON**

**DISCUSSION**

President Wilson thanked members for their service to University Council. He asked members to look at issues/ideas with shared responsibility and to be flexible, creative, and innovative. Doing things for the sake of tradition may not be the best route.

He talked about a Japanese company he worked for that challenged employees to find something within their division/department to improve upon – this is the mentality he would like everyone to have. He encouraged members to think about:

- What best serves our students
- What can we do to make something better
- How can we be more efficient

He is happy to be part of the UC and looks forward to working with everyone to better the institution.
Provost Ramsier discussed the Higher Learning Commission (HLC) visit scheduled for mid-February (Valentine’s Day). The campus community (including undergraduate and graduate students) has been asked to submit evidence from their own experience that demonstrates that we meet one or more of the HLC’s criteria. He stressed the importance of campus participation and asked members to complete the survey. He also asked USG and GSG leadership to encourage students to participate.

The UC Bylaws were approved by the Board of Trustees in June 2016. Now, we must prove to the HLC team that University Council is functioning effectively.

There are UC members on the HLC writing teams. A draft of the HLC report will be posted online for a 10-day public comment period in November and the final report will be submitted to HLC in mid-December. During the HLC site visit, there will be an open forum for students, faculty and staff.

More information is available at www.uakron.edu/hlc.

There were none at this time.

1. Nathan Mortimer and Shiva Sastry presented the attached FY16-FY18 Budget Conversation PowerPoint.

   The following is a summary of the discussion:
   - The FY16 financial metrics for higher education were discussed. Nathan will share the FY17 metrics with the Budget and Finance Committee in November.
   - $18 million of university reserves will be used to stabilize the FY17 budget. We will manage the budget through position control.
   - Ernst & Young will provide a snapshot of UA’s financial situation and help us find ways to save money and generate revenue.
   - Ohio put a freeze on tuition. The Legislature may put a cap on fees. The Senate has challenged Universities to develop a plan to reduce the cost of attendance by 5%.
   - The Budget and Finance Committee will bring the FY18 budget proposal to the UC.

2. The following motion was made regarding IDC funds:

   WHEREAS, the University Council Budget and Finance Committee finds that there is approximately $1.8 million in 270 accounts accumulated over the years that comprise the current faculty component of Indirect Cost Recovery (IDC) distribution; and

   WHEREAS, the members of the Budget and Finance Committee believe that the release of these said funds is important for supporting research of the individual investigators; and

   WHEREAS, the members of the Budget and Finance Committee believe that releasing these funds to the individual Principal Investigators will not cause excessive burden on the finances of the University of Akron; and

   WHEREAS, the members of the Budget and Finance Committee believe that
WHEREAS, the members of the Budget and Finance Committee recognize that it would be better to delay the creation of policies governing the finances of the institution until the upcoming review of the finances has been completed by the externally engaged party Ernst and Young; and

WHEREAS, the members of the Budget and Finance Committee, after due consideration, find that the release of these said funds will help to improve the morale among faculty; Now, Therefore,

BE IT RESOLVED, that the University Council Budget and Finance Committee unanimously recommends the release of said $1.8 million in 270 individual accounts to the respective individual Principal Investigators for use in accordance with the policies established for expenditure of IDC funds; and

BE IT FURTHER RESOLVED, that the University Council recommends that released IDC be expended in a manner which facilitates the PI’s research activities and research portfolio and, it is expended prudently as it is University Council’s desire for the released funds to remain available for PI expenditures should the funds remain unexpended on June 30, 2017; and

BE IT FURTHER RESOLVED, that the University Council Budget and Finance Committee recognizes this resolution as a tactical fiscal decision and not as an enduring permanent policy. The University Council further recommends that a broader institutional policy be pursued and implemented regarding the intended purpose of IDC and its collection, allocation, and expenditures.

The motion carried by a secret ballot vote of 18 in favor and 2 opposed.

3:45 – 4:50
