7. Provide Meeting Minutes/Monthly Report or reason for meeting cancellation here (do not attach minutes as a document in #8 below).

Approvals • A motion to approve the 6/16/25 agenda was made by Aimee, seconded by Lisa, the motion passed. • A motion to approve the 5/15/25 minutes as corrected was made by Melissa, seconded by Marilia, unanimously approved. New Business • The business of discussing the feasibility of accomplishing our goals before August 2025 was tabled. • Discussed summer meeting times. Our next meeting will be on 7/17 @ 2:00. We will then discuss the August date. General Updates from Stephen Myers • Central Hower renovation—fire marshall didn't like the architect's conceptions, so, a change order is being done. • Football offices—small project to clean up some work from a non-related fire that set off the sprinkler system. • Olin hall—refresh some of the finishes. • Simmons Hall/Student Union wellness—mental health oasis spaces are almost complete. • Dunkin Donuts—It will be a tight deadline to get it opened before the semester starts. • Wayne campus--Renovation of room C109 is ongoing. • Buchtel Commons—behind schedule about 17 days due to the rain. • Colby hall—Need to repair the smoke hatch system in the top of the stage area. But because it's a relatively small job, haven't received any bids. • Cooling tower—advertised for bids on Friday. Did get preapproval from the board to award the job when the bids come in. • Elevator modernization-Buckingham's done but not yet approved by the inspections. Leigh Hall's about 95% complete and PFOC is about 30% complete. Polsky is underway. There is a delay in getting the elevators permitted to open because the elevator codes have changed. It is now required to have video in all new elevators. This requires a service contract with someone to monitor the elevators. The cost is \$10 per month per elevator.. • Gazetta hall-updating signage. • Honors complex—prior plans were to redo the high temp hot water lines that connect to the plant under the building. But instead of doing the redo will actually do a cheaper project which is putting boilers into the building. • Knight chemical storage—numbers came in ridiculously high. Will have to rebid the project. • Polsky cooling tower chiller replacement--Waiting on items from AES. • Robertson water heater—shipped May 29th. • Knight center for creative engagement—still process working through. Reconciliation of the schematic design package. • Polymer innovation cluster. Chamber of commerce has chosen the Lincoln building site as their new location for their new polymer facility. Working thru the logistics on what that looks like. Possibility of tearing down and rebuilding. It will be offices to support that facility but not owned or operated by UA. However, it will be closely affiliated with us. Most everyone in the Lincoln building will be moving to Polsky (budgeting, Steve's office, UA press) except for Safety. Safety will be in a semi-permanent home until the operations building is built. • Quaker Square—hopefully closing will take place before next meeting. • Shrank--roof will be replaced shortly but elevators are not being addressed at this time. Old Business None Announcements/Good of the Order • Steve's last day at the University is August 22. Thank you, Steve, for all the great work you've done over the years. Adjournment • Steve made a motion to adjourn, seconded by Melissa. The meeting ended at 1:35pm. • Next Meeting – July 17 at 2:00 PM.
