

Governor's Awards 2016

Agricultural or Food Technology Research

| | | | | |
|-------|---------|---|-----------------------|--------------------------------------|
| Fiona | Gaffney | 9 | St. Vincent- St. Mary | Soybean Growth in Hydroponic Systems |
|-------|---------|---|-----------------------|--------------------------------------|

Advanced Materials Science Research

| | | | | |
|---------|------|----|-----------------------|--|
| Abigail | Volk | 11 | St. Vincent- St. Mary | Layer-by-Layer Fabrication of Polymer Films Inspired by the Lotus Leaf |
|---------|------|----|-----------------------|--|

Biotechnology / Biomedical Technology Research

| | | | | |
|------------|----------|----|-----------------------|---|
| Alexandria | Oliverio | 11 | St. Vincent- St. Mary | Effect Of Surface Functional Groups On Chondrocyte Behavior Using Molecular Gradients |
|------------|----------|----|-----------------------|---|

Environmental Protection Research

| | | | | |
|------------|--------|---|-----------------------|--|
| Maximilian | Chmura | 9 | St. Vincent- St. Mary | The Effect of Electric Fields on Reducing Phosphate Runoff from Soybean Farmland |
|------------|--------|---|-----------------------|--|

Advanced or Alternative Energy Research

| | | | | |
|--------|-----|----|--------------------|--|
| Justin | Yun | 10 | Hudson High School | Finding Max Efficiency of Microbial Fuel Cells |
|--------|-----|----|--------------------|--|

Information Science and Technology Research

| | | | | |
|--------|-------|----|--------------------|--|
| Zeynep | Ozgur | 11 | Hudson High School | Filosoph: An Intelligent System that Enhances Efficient Social Communication in Learning Environments, Part II |
|--------|-------|----|--------------------|--|
