PROTECT YOUR MONEY AND YOUR IDENTITY BY AVOIDING SCAMS

Hang up on robocalls—Don’t give any information to these callers and don’t press any numbers as it could lead to more calls.

Most scammers are using phishing emails, which could entice you to click harmful links or downloads, or to share your personal information under false pretenses. Use trustworthy sites and sources.

Avoid calls and emails about government checks. They can’t get you your stimulus check faster.

Ignore online offers for vaccinations and home test kits. There are no FDA tested kits available at this time. There are no special teas/lozenges/pills etc. that can cure this virus.

If you are donating to a cause, make sure that it is legitimate. Give.org is a good site to check for the name of your charity before donating to ensure it is a true donation center.
STIMULUS CHECK DETAILS

If you’re a college student that financially supports yourself, filed a tax return in 2018 or 2019, was not claimed as a dependent, and meet income eligibility, you will get a stimulus check.

-If you have been claimed as a dependent, you will not receive a stimulus check.
-If you have not filed a tax return and were not claimed as a dependent, you can use the IRS’s Non Filers tool to claim your payment.

Check is $1,200 for each individual ($2,400 for couples) and $500 for each child (under 17) listed on your tax return.

The IRS will never call you, text you, email you or contact you on social media asking for personal or bank account information – even related to the economic impact payments so watch for scammers! The IRS has a tool where you can check the status of your payment.

IRS.GOV/EIP
If you have a sufficient emergency fund (6-9 months of income) saved, re-evaluate your budget. Make sure that you could live off your savings if something happened to your employment.

Consider shopping locally and helping your community.

Since student loan interest is being waived until October 2020, you could also put this income towards your student loans because it will go straight to the principal.
STUDENT LOANS DURING COVID-19

• Now through 9/30/20, Federal loans are not requiring payment.
• Interest will also stop.
• This happens automatically so you do not need to call your loan provider.
• If your payments are on auto-debit, log into your account and turn this feature off.
• The hope is that you can use your normal student loan payment monies to purchase basic needs.
Student Loans Continued
Garnishment and collections are stopped during this time.
  - Contact your employer to stop taking wages because this is not automatic on your employer’s end.

If you are enrolled in the Public Service Loan Forgiveness Program:
  - You will still earn credit for these months.
  - If you are enrolled in COVID-Forbearance, you won’t get credit so be sure to remove this status to receive the benefit.
UNEMPLOYMENT:

You can file online for unemployment at unemployment.ohio.gov
24 hours/day, 7 days a week.
You can also apply by phone at 1-877-644-6562 or TTY 1-614-387-8408, M-F from 7am-7pm or Saturday from 9am-1pm.

Be sure to use the following mass-layoff number to expedite claim processing: 2000180.

Do not hit refresh because that will send your submission to the end of the virtual line.

You will need a pin; Request it by email or else they will send it by mail and it will take longer.

Please try to be patient. Their phone lines and emails are very busy.
Food Assistance - Supplemental Nutrition Assistance Program:
