I. The School of Social Work Child Welfare University Partnership Program Overview

Explanation of UPP/CWWPEP
(University Partnership Program or Child Welfare Workforce Professional Education Program)

An Introduction to the Title IV-E Child Welfare Traineeship Program/CWWPEP

History

In the mid-1990’s, a group of public and private universities came together with the Ohio Department of Job and Family Services, local County Children Service Agencies and the Institute for Human Services, to develop a proposal. The proposal described a program to educate students interested in the practice of child welfare and prepare them for jobs in county Children Service Agencies. The proposed preparation experiences were based on a series of competencies (knowledge and skill groups) considered to be fundamental to the practice of child welfare. This unprecedented “University Partnership” was successful in establishing a plan which formed the foundation of the CWWPEP. Forty other states have established similar programs and thousands of social workers have found rewarding careers in child welfare as a result of this educational opportunity (Layne, n.d.).

University Partnership
(http://www.pcsao.org/univ_partnership.htm)

The University Partnership is a unique partnership among the ODJFS, the public Schools of Social Work in Ohio, Institute for Human Services, PCSAO, and the PCSA’s. Students in BSW and MSW programs take special Child Welfare courses, complete a field placement in a PCSA, and receive partial tuition reimbursement after accepting a casework position in a PCSA in Ohio upon graduation. Those who complete the program may not have to take the required CORE training all other new child welfare workers must complete the first year of employment. The purpose of the University Partnership program (also referred to as CWWPEP) is to positively influence recruitment and retention in public child welfare. Studies show that those going through a program as U/P, stay longer and are more satisfied than those who did not complete such a program prior to employment.

The University Partnership Program provides financial support to social work students at selected universities who are interested in pursuing a career in child welfare. The program now includes seven public universities in Ohio: Ohio State University, University of Akron, Ohio University, Wright State University, University of Cincinnati, University of Toledo, and Cleveland State University. All programs are at the BSW level. Senior students in the program are required to have a field placement in a public child welfare agency, complete the standardized two-course curriculum sequence, and work one year at an Ohio PCSA for each year in the University Partnership program. Some universities also offer a junior year program that does not have a standardized program. During the 2006-2007 academic year, a total of 72 students participated in the University Partnership Program.

Funding

Funding for the UPP/CWWPEP is provided by Title IV-E of the Social Security Act.
Ohio’s
UNIVERSITY PARTNERSHIP PROGRAM
(UPP)
“In a Nutshell”

Our Shared Vision for Caseworkers

In the future, we hope that all Ohio Public Children Service Association (PCSA) caseworkers will:

• have MSW degrees and be considered the best trained and educated child welfare workers in the nation
• be competent, satisfied career professionals who continue to be enthusiastic, creative, and respected for their work
• work in supportive agencies with excellent supervision that provides personal reward and incentives that focus on the career line social worker
• be advocates empowered to coach and mentor children and families based on best practice standards

Our Shared Draft Mission Statement for the UPP

The mission of the UPP is to develop creative child welfare leaders, policy makers, managers, and direct service practitioners who have the capacity for critical thinking and to promote best practice and highest quality service to children, families, and communities. The UPP accomplishes this through the coordinated and integrated provision of quality social work education and training.

Objectives of the UPP in Support of Ohio’s Public Children Services System

Include:

• ensuring that, in accordance with Ohio House Bill 448, all newly hired caseworkers shall achieve or shall have achieved, within five years of employment, an undergraduate or graduate degree in a job-related human services field
• reducing staff turnover in public child welfare agencies
• maximizing the expenditure of in-service training resources
• creating career ladders and ongoing professional development

Requirements for Student Participation in the UPP

1. Successful completion of two specialized, standardized child welfare courses and a year long field placement in an Ohio PCSA
2. Graduation from a participating university
3. Employment in an Ohio PCSA within 180 days of graduation
4. Continued employment in an Ohio PCSA in fulfillment of the UPP student contract
UPP Student Reimbursement Assistance and Employment Requirements

Upon completing all UPP program requirements, UPP graduates are eligible to receive total or partial tuition and mandatory fees reimbursement for up to two years of participation in the UPP. During the current year while in the program, UPP students are eligible for $5,000 for each year of their participation up to a maximum of two years.

Waiver of Core Training

Required social work courses and the two child welfare courses and internship in a PCSA that must be successfully completed by UPP graduates have been deemed by the UPP planning committee to provide all the competencies equivalent to those in Caseworker Core with the exception of the legal aspects Core module. UPP students at some universities take the legal aspects module at an RTC before graduation. UPP graduates who have not completed the legal aspects Core module must do so in their first year of employment at a PCSA.

Ohio House Bill 95 stipulates therefore that PCSA directors who hire UPP graduates MAY waive the required first year Core training requirements.

University Partnership/ Title IV-E Child Welfare Training Program Field Agency Preference Form

If accepted into this program, we will do our best to match you with your preferred field agency, according to your interests and distance from your residence during the academic year. Below are several Ohio Children Services Boards that offer field placements. While many students prefer to stay within Summit County, this agency may not be able to provide placements to all of the UPP students. Thus, it is important to rate at least 3-5 agencies. Please indicate your level of interest in each of the agencies, rating it from 1= Most interest to 10= Least interest.

Physical Conditions, Family Responsibilities, or Work Commitments that require Special Consideration—Please Explain

Applicants Please Note: All child serving agencies are mandated by law to conduct criminal background checks, fingerprinting, and drug screening on all students serving in internships or field placements and all new employees. Students applying for UPP are hereby notified that having a felony conviction or sanctions for unprofessional conduct will impact potential for obtaining field placement as well as social work licensure and future employment as a social worker. Previous family involvement with PCSA may impact potential for obtaining field placement and employment at some PCSAs. Driving records that include moving violations and driving under the influence may impact potential for obtaining field placement and employment at some PCSAs due to the necessity of transporting clients.
The University of Akron

Child Welfare University Partnership Program Field Placement Disclosure Form

Field Placement has as its purpose the opportunity for students to integrate classroom theory with client systems practice and to develop professional identity and skills. Practice takes place in a broad range of social service settings. The market of available placement positions is limited, and agencies are highly selective of the students they accept. Some agencies require and execute background checks for misconduct, such as felony convictions or documented violations of the National Association of Social Workers code of Ethics.

The University of Akron, School of Social Work requires each field applicant to sign this disclosure form. This form allows the School to inform a student’s prospective field agencies of current or past felonious convictions; or other disciplinary procedures or other misconduct in violations of institutions where the individual may have attended; or other misconduct in violation of the NASW Code of Ethics. Agencies need this information in order to accept you as a student.

Please sign this form and submit it with your Child Welfare University Partnership Program Field Application. No application will be processed without this form.

I hereby grant permission for The University of Akron, School of Social Work’s Child Welfare University Partnership Program to notify any agency to which I apply as a field student of my current or past documented felony conviction, criminal misbehavior, or other misconduct in violation of the NASW Code of Ethics. I further attest that I have discussed with the officials of The University of Akron Child Welfare University Partnership Program any current and/or previous criminal background information, which is inclusive of moving violations, misdemeanors, and felony charges and convictions.

CRIMINAL RECORDS CHECK REQUIRED FOR INITIAL LICENSURE

Section 4757.101 of the Ohio Revised Code requires all individuals applying for a license issued by the CSWMFT Board (Board) to submit fingerprints for a criminal records check completed by the Ohio Bureau of Criminal Identification and Investigation (BCI) and the Federal Bureau of Investigation (FBI). This applies to applicants for PC, PCC, CT, LSW, LISW, SWA, SWT, MFT, IMF and all TEMPS.

Applicants residing in Ohio are required to utilize “WebCheck”, Ohio’s electronic fingerprint system, to electronically submit their fingerprints to BCI. The Board will typically receive the results of a criminal records check submitted via “WebCheck” within 7 to 10 business days. In addition to the $22 BCI fee and $24 FBI fee, the electronic fingerprinting company/agency will charge its own fee to process the fingerprints.

Since the law requires applicants for licensure to submit a criminal records check completed by both BCI and FBI, you must use the services of a “WebCheck” vendor that participates in the “National WebCheck.” The Sheriff’s offices in most Ohio counties participate in the “National Web Check.” A list of other “WebCheck” vendors in Ohio, arranged by county, is available online at:

http://www.ao.state.oh.us/business/fingerprint/data/index.asp

When locating an electronic fingerprinting site on this web page, please note that you must use the services of a vendor that has (BCI & FBI) listed after the vendor’s name. Only these entities participate in “National WebCheck.” The Board does not endorse or recommend any specific electronic fingerprinting company/agency.

You need both the BCI and FBI criminal records check for each initial license type. By law, the Board cannot complete the processing of your application until it receives the background check reports from both the BCI and FBI.

Steps for “WebCheck”
1. Identify a “WebCheck” vendor that participates in the “National WebCheck.”
2. Submit your fee directly to the “WebCheck” vendor. DO NOT SEND YOUR FINGERPRINTS OR FEE TO THE BOARD.
3. Request that the criminal records check results from both the BCI and FBI be sent directly to:
   Counselor, Social Worker & Marriage and Family Therapist Board
   50 West Broad Street, Suite 1075
   Columbus, Ohio 43215-5919
   Results must be mailed from BCI to CSWMFT BD

4. List the reason for fingerprinting as: “Required for licensure per ORC 4757.101 and Volunteer for Children’s Act”
5. Write clearly in black ink, as unreadable cards will be rejected. Do not alter the card or boxes.

Instructions for Individuals Residing Outside of Ohio

Individuals residing outside of Ohio must contact the Board at 614-466-0912 or cswmft.info@csow.state.oh.us to request the appropriate forms. The Board will mail the forms needed for your fingerprints to be processed at your local law enforcement agency.

Required Courses for UPP Students

Social Work in Child Welfare I

Course Rational and Description
Adapted from: Reid, P. (personal communication/syllabus, August, 2007)

This course is the first of a two-course series that provides the knowledge, concepts and fundamental skills needed for beginning level practice in public and private child welfare. The course focuses on interventions to protect children from abuse, neglect and sexual abuse by strengthening, supporting and empowering their families. The course is organized around four themes. First, content is provided on the mission and scope of child welfare practice, articulating the underlying philosophy and values that drive child welfare practice and addressing cultural and relationship issues when working with families. Second, the course provides conceptual and practical information on identifying child maltreatment, assessing family needs and strengths and determining both immediate and long term risk to children of future maltreatment. Third, information is presented on case planning and applying a casework model to working with families. Fourth, content is presented on interviewing skills in a child welfare setting, especially as these skills relate to family assessment and case planning activities.

The course content is divided into six sections covering: 1) an introduction to the developmental perspective and the social worker’s role in promoting healthy development; 2) the effects of maltreatment on children; 3) child welfare services for children with developmental disabilities; 4) the trauma of separation; 5) placement issues and practices; and 6) permanence through reunification or adoption.
